GLOBAL TEA HUT

Tea & Tao Magazine

## STREAM-ENTERER

This is our third issue in the Seven Genres of Tea series. There is no better way to celebrate the change in weather and the opening of the 2016 tea season than with some fresh, bright green leaves in a bowl, covered in steaming spring water. This month, we all awaken dormant energies, entering the stream of green tea and a love for spring!

*Love is  
changing the world  
bowl by bowl*
